RESOLVED ISSUES

- Ticket #41976 – iidFinder will not ignore fields with null values in the input messages.
- Ticket #41962 – iidFinder - LPK update sent for non-existing (old) instance to be forwarded to an existing (new) instance.
- Ticket #41834 – removing the redundant warning message “WARN: Cannot invoke "java.sql.PreparedStatement.setQueryTimeout(int)" because "this.delegate" is null”.
- Ignoring the URL token when calling a Fabric Web-Service. This can be configured in config.ini by setting the DISABLE_LEGACY_TOKEN parameter to ‘TRUE’ under fabric section. By default, this parameter is set to ‘FALSE’.
